【re:tokyo】

In Tokyo, there are no strangers to the rat race.
The hustle. The bustle. A city of unrelenting
motion. The Shamisenists 're:tokyo' is a
homage to the lives we lead in this mayhem.
While we bury ourselves in the non-existent,
The Shamisenists is here to ground it's listeners
back in reality at their crossroad of the old and
new. With punk fury and traditional elegance,
The Shamisenists are the new breed.
